## True Intentions Of Our Ministry Efforts

**Q #48** What's your real motive in all this "ministry" effort? (NB: The field director of Endurance Ministries is the one asking this question in light of some false charges concerning "why" we do what we do.)

As stated in our many resources, we seek the honor and glory of our Lord Jesus Christ. To obey Him is to love Him. We also care deeply for the protection of His sheep. Given His Counsel clearly states great deception will unfold during the days prior to His Son's glorious return - even to the extent of "falling away from the faith" - we sincerely seek to provide shepherding appeals ... appeals in light of what our Shepherd has communicated in His Word - whereby God's people endure as He has so outlined. This, truly, is that which is driving our efforts. We CARE passionately for God's Family in Christ Jesus our Lord.

"Lord, may You protect Your sheep from the many false teachings today. May Your sincere people in Christ Jesus Your Son seek Your Counsel in Your holy and precious Word. In Jesus Christ's sweet Name we pray. Amen."
